

BarSync Sales Partner Proposal

Founding Partner Opportunity • BarSync Pro: £34.99/month

Welcome to the BarSync partner programme.

This offer is designed to reward you for bringing genuine paying hospitality businesses to BarSync and for helping us build a focused network of additional Sales Partners.

1. Customers You Acquire Directly

First successful Pro payment	£10 commission
From month 2 onward	£7/month recurring

The recurring commission continues **for as long as the qualifying subscription remains active and paid, subject to the Sales Partner Terms.**

2. Build Your BarSync Sales Network

You may introduce other Sales Partners. When a Partner you personally recruited acquires a new paying BarSync Pro customer, the customer commission is shared as follows:

	New Sales Partner	You
First successful Pro payment	£5	£5
From month 2 onward	£5/month	£5/month

One level only: you earn network commission from Sales Partners you personally introduce. There are no third-, fourth- or deeper-level commissions, and recruitment by itself does not generate a payment.

3. What the Opportunity Can Look Like

50 of your own active customers 50 x £7 recurring	£350/month
100 active customers from your recruited Partners 100 x £5 recurring	£500/month
Illustrative combined recurring commission	£850/month

Examples are illustrative only and depend on customers remaining active and successfully paying their subscriptions.

4. Sales Partner Terms

Qualifying customers: Commission applies only to genuine new BarSync Pro customers whose £34.99 subscription payment is successfully collected. Leads, demos and free accounts do not qualify.

Recurring eligibility: Monthly commission is earned only for months in which the qualifying subscription remains active and its payment is successfully collected.

Refunds and abuse: Refunded, charged-back, fraudulent, duplicate and self-referred transactions do not qualify; commission may be withheld or reversed where appropriate.

Attribution: Customers and recruited Partners must be attributable to you through the referral method or records agreed with BarSync. Attribution disputes will be reviewed against BarSync's records.

Payment timing: Earned commissions will be calculated and paid on the payment schedule agreed by BarSync and the Sales Partner.

Programme changes: BarSync may modify commission rates, eligibility rules or programme terms for future referrals. Any change affecting already-qualified referrals will be handled under the Sales Partner Terms applicable to those referrals.

Duration: Recurring commission is not described as 'for life'. It continues **for as long as the qualifying subscription remains active and paid, subject to the Sales Partner Terms.**

Our goal: create a performance-based partnership where you earn more by helping BarSync acquire and retain real paying hospitality businesses - directly and through a high-quality sales network.
